OUR NEW SCHOOL

The first bit of actual groundwork on our new complex was started May 13, 1970, while the plans had been formulated during the preceding three and four years.

The school was completed early in February and the students and teachers moved in February 18, 1971. The new complex houses a total of 340 students and is designed to house 500 students when completed. It will serve as an educational complex in the many years to come.

Basketball Varsity

This year's team had the most successful season of any of Mr. Bianchi's teams with a season record of 16 wins and 8 losses. The Borderite's league record was 6 wins and 6 losses, earning them a fourth place district birth. The games included Coach Bianchi's very first victory over Lynden Christian in overtime and a narrow 4 point double overtime loss to Nooksack.

At the District Tournament the team record was 2 and 2, being eliminated from placing by Lynden Christian in their fourth game.

We at Blaine High School were really proud of our team. The team spirit throughout the season was great although the spirit of the supporting fans many times was lacking.

*League matches

This year's wrestlers had a winning season, with a record of 8 wins and 7 losses for the best performance since the program began, several years ago.

There were many outstanding individual performances this year with five wrestlers placing in district. Of those, four again placed in the regionals. The results of regionals left Lowell Clark with a fourth, Blain Wolten a third, Rick Wiens received second and Dave Weins a first place.

Dave Wiens became Blaine's very first place entrant to the state matches. Dave turned in a most outstanding record, winning every match and ending up with only a total of 8 points scored against him the entire season.

As Editor of the 1971 Borderite, I would like to extend special thanks to the following people who helped in the production of this year's annual: Terry Morrison as Business Manager, Gary VanderYacht, Asst. Editor, Cathy Sullivan who did all the odd jobs, and our Advisor, Mr. Simonson for the help and guidance he gave.

Thanks should also go to Mr. Floyd Wear, the photographer, and the Wallace Pischel Yearbook Company for their many suggestions and guides, and finally to the Blaine merchants who supported the annual by buying ads.
